Wax Burr Set

Set contains:

- Boring Burrs (A*F 172.850): Ø1.60 - 2.30mm
- Ball Burrs (A*F 172.851):
Ø1.60 - 1.80 - 2.30
- 3.10 - 5.00mm

Set of 6

£36.95

Ref: B47263

Great for boring and shaping holes in designing jewellery from wax carving and wood carving. The wide fluting on these wax burrs removes large amounts of material quickly and helps keep them clog-free for efficient, dependable cutting.

Six coarse-cut burrs that range in diameter from 1.6 to 5.0mm. Includes 4 round ball burrs and 2 boring burrs. Shaft Ø2.35mm (3/32"). Made in Switzerland.

NEW

Hard Metal Wax Burr Set

Set contains:

- Various shapes 12 to 14mm cutting length (ball Ø6mm)

Set of 10

£74.95

Ref: B47378

These coarse cut burrs are perfect not only for carving wax models but also good for wood working. Deep fluting and sharp teeth give a clean cut and fast result with no clogging.

Heads machined from tungsten carbide alloy for longer life. Ten different shapes mounted on industry standard Ø2.35mm (3/32") shanks.

NEW

SETTERS Pliers

- Polished Steel
- Plastic covered handles
- Length 125mm

Special pliers for setters. Used for straightening the prongs of claw settings.

One jaw is hollow and the other is set with a steel bead.

£49.95
Ref: P47131

NEW

STONE SETTING Pliers

- Polished steel
- Smooth jaws
- Plastic sleeved arms
- Length 125mm

These pliers have one long jaw with a smooth inner face and one short jaw with a groove carved lengthwise in the face. The groove is used to help contain one side of your setting, while the long jaw is used to bend the opposite prong in the setting into its final position.

£13.95
Ref: P47130

FAVOURITE

STONE SETTING Pliers

COUSINS

These stone-setting pliers have a grooved slot in one jaw, allowing you to control the pressure and therefore reducing the risk of slipping and damaging the stone.

- One grooved, flat nose jaw
- One curved jaw
- Sleeved arms
- Overall length 125mm

£4.50
