## Delft Clay Casting

The Delft clay method of casting consists of a mould and mouldable Delft clay, in which objects can be cast remarkably sharp and fast.

The Delft clay is reusable and cannot dry out due to its special composition.

As a model one can use an existing piece of jewellery, clock and watch or a model made of hard material, like plastic, hard wax, wood, metal, stone, etc.

Brilliant for casting rings, bracelets, ear rings, jewellery bracelet links, clasp parts, chain links, mounts, pendants, lockets, badges, toe rings, bangles, medals, plaques.

### Delft Clay Standard Kit

Consists:

- 2 kg Delft Clay
- Set of 60mm aluminium rings
- Instructional DVD
- Users Manual

Recommended Crucible Holder, Cousins Ref: H30620

Cousins Ref: K30616

**Your No.1 Tool & Consumable Supplier**

same day despatch...

## Associated Tools

1. Rotary Drill & Tool Kit .....D9821  
(preparing cast ready to polish)
2. Sievert Burner Medium to Large .....B0110  
(popular melting size burner)
3. Sievert Neck Tube .....B0103  
(neck tube adaptor to hold burners)
4. Safety Pickle "Vitetx" 500gm .....P5231  
(bring metal to original colour)
5. Borax Cone .....B4252  
(flux to help metal run)
6. Jewellers Sievert Blow Torch Kit .....B0128  
(torch system)
7. Ball Pein Hammer .....H5107  
(tapping to push clay into rings)
8. Hand Held Bristle Brush .....B0216  
(collecting clay together)
9. Modellers Scalpel .....S1478  
(forming metal pouring channel)
10. Beading Tool (Ø0.25mm) .....B4461  
(making holes in the casting for letting air out)
11. Doming Punch .....D6551E  
(shaping/modelling clay)
12. Vetus Tweezers No.27 .....T19567  
(picking out pieces to be duplicated)
13. Monolux Soldering Block .....S4255  
(refractory heat shield)
14. Square Soldering Board .....S8595  
(protect your bench for heat)
15. Clay Piercing Point .....B19167  
(for making air holes)
16. Art Brush .....B9623  
(brushing fine powder for ring separation)
17. Copper Soldering/Cleaning Bowl .....B31898  
(heating your pickling salts)
18. Copper Tongs Angled Tip .....T6282  
(taking work out of pickling solution)
19. Hand Held Crucible Holder .....H30620  
(safely hold your crucible for melting)
20. Steel Ruler 300mm (12") .....R4911  
(levelling clay for rings)
21. Habilis Half Round File .....26021  
(filing down sprue)
22. Square Standard Crucible .....C32197  
(standard melting size)
23. Piercing Saw Blades 2/0 x12pcs .....P1150M  
(piercing saw blades)
24. Piercing Saw Frame 3" Deep .....P4798  
(cutting casting sprue away)
