

Elmasolvex VA

Software Update

For the installation of the current software you need a PC / laptop, a mini USB cable and the current firmware are needed.

Operating system requirements: Microsoft Windows XP / 7

Download the current update files from the Elma GmbH & Co. KG website and unzip the files on your computer.

The archive contains two files:

The update PC software ("Elmasolvex VA Tools_lite_setup.exe") to install the update on the Elmasolvex VA and the actual update ("ElmasolvexVA_RXXX.bin").

Double click on the following link to download the update PC software from the Elma GmbH & Co. KG website:
