Elma® Leak Controller

ELMA "Leak Controller@ - Very rapid & accurate testing, without the removal of the strap/bracelet.

The integral electric pump evacuates the chamber creating a differential in pressure inside the case.

A rising dial gauge indicates a good seal where as no gauge movement or a sudden drop mean a breach.

- Clean, simple and quick to use
- Bracelets and straps can stay
- Tests all types of watch
- Manual safety vacuum release
- Complete and ready to use, with full instructions

ISO Swiss, Vulcanized Rubber

- Hypoallergenic
- ISO Swiss Made

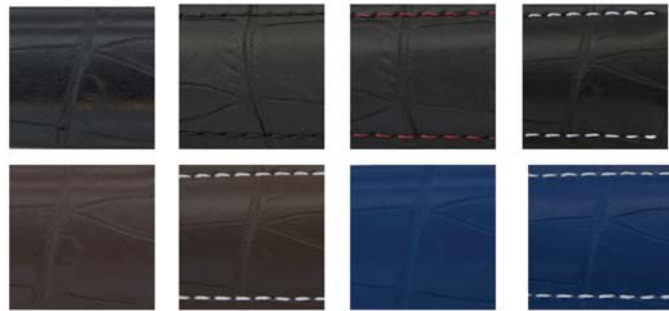

The rubber material is highly elastic and gentle on the skin. Resistant to external influences such as water, UV light or chemicals, it guarantees a considerable long service life. Additionally they are much more pleasant to the touch and skin than straps made from conventional synthetic material, without losing that classic look!

- Vulcanised rubber, very soft
- No animal trace
- For Prestige Swiss Brands
- Alligator grain
- Stainless steel buckles
- Stitched or unstitched
- BS (black stitching), RS (red stitching), WS (white stitching)
- The perfect alternative to genuine alligator
- Superb high quality
