

DATA SHEET

Producers of Solvents,
Polishes & Specialised Cleaners

PRODUCT - ROUGE POWDER

Form - Powder
Colour - Red
Odour - Odourless

Protective Measures, Storage & Handling

Store in a cool, dry place.

Personal protective equipment: Eye Protection - Goggles
Respiratory Protection - Dust protection mask if the MAK value is exceeded.
Industrial Hygiene - Observe usual protection when handling chemicals.

Disposal: May be disposed of in approved landfills provided local regulations are observed. Return large quantities to manufacturer. Dispose of empty packages on an official refuse dump.

Protection against fire and explosion not required.

When handling, observe the usual precautionary measures for dust-forming products.

MAK value (fine dust) $6\text{mg}/\text{m}^3$

Physical and Safety Data

Melting Point - $> 1000^\circ\text{C}$
Density - Approx. $5\text{ g}/\text{cm}^3$ at 20°C
Bulk Density - $600 - 1000\text{ kg}/\text{m}^3$ at 20°C
Solubility In Water - Insoluble
pH Value - Approx. 5 - 8 at 50 g/l water in aqueous suspension
Thermal Decomposition - No decomposition when used as directed.
Hazardous Reactions - No hazardous reactions observed.
