Spoon Stake Set

Step 1 ~ Creating your spoon stencil

On your sheet of metal, mark out your desired spoon size and shape using the scriber. Cut using your piercing saw and your curved jewellers tin snips. File smooth the rough edges, using the Cousins value 4 piece set.

1. **Carbide Scriber** - Excellent for stencilling your shape
Ref: S6243 **£3.05**
2. **Adjustable Saw Frame** - A classic tool
Ref: P33901 **£9.90**
3. **Curved End Shears** - To easily cut rounded edges
Ref: P4797 @ **£5.95**
4. **4 Piece Needle File Set** - Pillar, half round, square and triangular, Ref: F32973 @ **£3.95**

Step 2 ~ Forming the spoon shape

Using the cousinsUK spoon stake set, select your desired size stake, and using your repousse hammer, evenly tap down your spoon stencil over and around the stake, creating the basin of your spoon.

5. **CousinsUK Spoon Stake Set** - An unbelievably good value tool, that can be used to create unique, exciting and individual spoons again and again.
Ref: S34922 **£9.95**
6. **Repousse Chasing Hammer** - Solid and reliable with one flat and one round head.
Ref: H19528 **£8.50**

No.5 **Top surface sizes:**
Small: 32x23mm
Medium: 39x26mm
Large: 50x33mm
Extra Large: 65x40mm

Step 3 ~ Decorating and finishing

You now have your formed, plain spoon. There are obviously an infinite amount of ways to add your own personal touch and creative flare. Below are just some of our ideas to get you started!

Twisted

A

Use the hand held vice to firmly grasp your spoon and twist to give it that decorative edge.

Patterned

B

Ø2.30 Jewellery drill bit, one size of a vast range available.

Polished

C

Create a high lustre shine using one of our mini mops.

Now ready to present, display or just dine with!
