

Padded Jeweller's Stool with Footrest (1868)

Short Description

The Durston Padded Jewellers Stool is designed to offer a comfortable and functional seat ideal for jewellers, silversmiths and watchmakers.

This adjustable stool has a built-in pneumatic lift which raises the seat from a height of 55cm to 74cm, enabling you to find the right working position to suit your needs. The padded seat measures 35cm diameter with a depth of 10cm and is mounted onto a sturdy acrylic base. 5 castor wheels provide flexibility when moving around the workshop with ease and a ring foot rest ensures your comfort.
