## Top (Domed) Glass Sternkreuz ST

With top glasses, the thickness of the base determines the tight fit in the case. Please note that there are different inside diameters (i.e. different thicknesses of the base) for one and the same outside diameters.

Diameters are expressed in terms of tenth of millimetres. For the correct choice of top glasses one has to measure the appropriate inside diameter carefully.

## Vernier Gauges

See Page 930

## Domed Top, Sternkreuz ST

Top (Domed) Glass - Sternkreuz (ST)

Range: Ø21.5mm to Ø33.0mm

With top glasses, the thickness of the base determines the tight fit in the case. There are different inside diameters (i.e. different thicknesses of the base) for one and the same outside diameter.
