

Magnifying Desk Lamp

This lamp is designed for Indoor use. It is fitted with a 3 dioptre lens that provides a 1.75 times magnification.

1) **Specification**

- a) Voltage: AC 100-240V; 50/60Hz
- b) Power: 12W (60 PCS SMD LED)
- c) Lens size: 127mm
- d) Suitable for use in environments of 95% humidity or less, and ambient temperatures between -5 °C and 40 °C

2) **Assembly**

The lamp is supplied fully assembled and fitted with a standard 3 pin UK plug.

3) **Operation**

- a) Plug the lamp into a suitable mains outlet.
- b) The Power Switch is located on the lamp base.
- c) Press once to turn the lamp on, and again to turn off.

4) **Safety**

There are no user serviceable parts to this lamp. If the power cord or any other part of the lamp should be damaged, only a qualified person should attempt any repair.

Keep the lens away from any location where it can be reached by direct sunlight at any time of day to avoid any risk of starting a fire. Keep the lens cover closed when the lamp is not being used.
